## A CLEANLY AGE.

Twentieth Century Ideas Incline Toward Sanitation and Preventatives.

Nowadays scientists believe that cleanliness lies the secret of prevention of diseases.

To prevent a disease, remove the cause.

Just as unclean habits breed many diseases, so careless habits will breed dandruff. Improper use of another's brushes, combs, etc., will surely cause dandruff, and, in time, will just as surely cause baldness.

It's microbial infection, nothing more nor less.

Newbro's Herpicide kills the dandruff germ, and causes hair to grow luxuriantly. Herpicide is absolutely free from grease or other injurious substances.

Sold by leading druggists. Send 10c. in stamps for sample to Newbro's Co., Detroit, Mich.

One dollar bottles guaranteed.

# STEAMER HIT BY LIGHTNING

RIVER STEAMER WAS NINETY-FIVE MILES FROM PENSACOLA. NEAR WHITFIELD BAR, WHEN BOLT FOUND PILOT HOUSE AND ENGINE ROOM.

Wednesday night last, while the steamer Eugene was returning from Pensacola, but which had part cargo aboard, and when near what is known as Whitfield's bar, lightning flashed, and a bolt "found" the upper deck, going through and shocking the engineer badly while he stood in charge of his engine. He has entirely recovered, but the shock was very severe.

The steamer arrived here yesterday with a cargo of naval stores. A slight hole is traceable, showing where the dangerous bolt had entered. The story was told when this vessel reached her dock Monday.

**WALL STREET REVIEW.**  
By Associated Press.  
New York, Oct. 11.—First prices of stocks to-day were but little unchanged from last week's closing and outside of a few principal trading stocks, United States Steel rose an extreme 1-4 and running sales of 5,000 shares occurred at 88-1-8 and 88-1-2. American Locomotive rose 1-4 and Union Pacific and Southern Pacific large fractions. Prices generally were small fractions higher in sympathy. The list showed signs of yielding for a time, but a demand for U. S. Steel, Reading, and some of the low end stocks carried the average level higher. Malgamated Copper sold a point under Saturday's closing and Reading, which had risen 1-4, lost its gain. Kansas and Texas, Norfolk and Western and United States Steel, preferred, also lost portions of a point gain.

Stocks were pressed for sale at declining prices. The 1-5-8 point gain in United States Steel was wiped out. N. Y. C., Copper and Maltling fell 1-4 below last week's last price. Union Pacific, General Electric, Pacific Telephone 1-1-2, and Reading, Erie, Great Northern Preferred, Big Four, C. & O., Atchafson, A. C. L. and American Smelting about a point. Prices recovered a fraction when the selling lessened. Bonds were steady.

**COTTON REVIEW.**  
New York, Oct. 11.—The cotton market opened steady at a decline of 1/16, and after a slight rally, the loss under scattering liquidation and outside pressure. Cables were fully as good as the market was approaching the United States coast, but a sentiment was influenced by the failure of frost to develop in the belt over Sunday, higher temperatures this morning, continued talk of curtailment, and even the prospect of a local holiday to-morrow. The market was unsettled to some 7/16 points near the close of the morning session.

The market was generally firmer late in the forenoon on bullish private reports concerning the progress and intensity of the gulf storm, with prices at midday about unchanged to point.

Cotton futures opened steady, October 13-15-16; November, 13-15-16; December, 13-15-16; January, 13-15-16; February, 13-15-16; March, 13-15-16; April, 13-15-16; May, 13-15-16; June, 13-15-16; July, 13-15-16.
